**Report (Factory Visit): Natural Sugar & Allied Industries Ltd., Ranjani**  
**Dated: 28<sup>th</sup> May 2022**

Govindlal Kanhaiyalal Joshi (Night) Commerce College, Latur organized an industrial visit to **NATURAL SUGAR AND ALLIED INDUSTRIES LTD., RANJANI** for its B.com Final Year students. The company is located at Ranjani, Tq. - Kalamb, Dist. - Osmanabad. Mr. B. B. Thombare is the Chairman & Managing Director of this company. **18** students along with two faculty members visited the factory. The **Chief Supervisor** of the plant **Mr. Patil** guided the students and **Explained the Manufacturing Process**. The students first visited the sugarcane unloading and weigh bridge area also The Cutting and Roller Milling Unit. After that, **The Students observed the Boiling and Sugar Processing Units**. Later **The Students Visited The Sugar Warehouse** where the **Storage Manager Explained about Inventory Management**.

**The Students Learned about the Production and Operation Management, Inventory Management, Procurement of Raw Material and Waste Management.** The students were thrilled to observe the theoretical concepts that formed a part of their Marketing management, operations research, Total quality management and other functional subjects and Sought Firsthand practical knowledge of a working business organisation in the manufacturing sector. The company officials informed the students regarding the technical processes involved in the manufacturing of their products like Cutting, Grinding, Mixing and Packaging.

- Students also visited their Dairy Unit. During the Visit, students were given a brief introduction about the company by Mr. Pradeep who explained the production of milk products as per following details:
  1. The Procurement, Standardization and distribution of milk to various outlets.
  2. The process which is generally undertaken before the milk is packed into poly bags and how loose milk is better than milk in poly bags. Once the milk is received in the plant it goes through various laboratory tests to check for adulteration. Once the milk is found to be good, processing is accepted by the plant else rejected.
  3. He gave information about their products like, Natural curd, Natural Shrikhand, Amrakhand, Ghee and Paneer and Ice-cream
- He also explained the students regarding the company's Operation and Marketing process. According to him the USP of the "Natural Milk" is its quality, purity and the freshness that the customers do get. Within 24hrs the milk reaches to the customers after completion of all the process. Students have understood the entire process starting from collection of milk to its distribution through this visit.
- Later Dr. Sujata N. Chavan [I/C Principal] proposed Vote of Thanks for the visit.
