**Report on "Avishkar Research Festival" 2022 - 2023
College, District & University State Level**

Exploring the uncharted territories of knowledge is a journey guided by the beacon of research. It's a dynamic process that not only engages entire societies but also challenges scholars to think critically, fostering their ability to devise solutions for an array of problems. In this voyage of intellectual discovery, the pivotal role of the education system cannot be overstated. *The National Education Policy*, recognizing the significance of research, has accorded it a place of paramount importance within higher education institutions. It's no surprise that academic research has become a cornerstone of knowledge societies worldwide.

To uphold this cherished priority of research, we must inspire and embolden the students in higher education to immerse themselves in the world of research. Through in-depth and detailed exploration, students acquire critical thinking skills, along with invaluable analytical, research, and communication abilities that are universally sought-after and profoundly advantageous.

In pursuit of this noble objective, the then Hon'ble Governor of Maharashtra and the Chancellor of the State's Universities initiated Avishkar: the *Maharashtra State Inter-University Research Convention* during the 2006-07 academic year. This visionary step has since captivated thousands of research-minded individuals, unveiling numerous unexplored facets of knowledge. Avishkar serves as a bridge that connects kindred spirits, fostering a spirit of innovation and collaborative exploration, ultimately offering solutions to many real-world challenges.

To nurture a culture of research aptitude, curiosity, innovative thinking, keen observation, rigorous evaluation, thought-provoking processes, and the creation of new knowledge, students are actively encouraged to participate in the annual Avishkar Research Festival at the college level. This festival encompasses four distinct categories: undergraduate students, postgraduate students, research scholars, and dedicated teachers. Enthusiastic participants register their topics for presentation, which can take the form of both written and oral presentations.

From this pool of talented participants in each category, a select team of researchers is chosen to represent the college at the esteemed University Level Avishkar Research Festival. For a fortunate few, this journey doesn't stop there; they are granted the opportunity to represent the university in intra-university competitions, further honing their research and presentation skills.

In line with this spirit, the *College Level Avishkar Research competition* for the year 2022 was hosted right within the college campus on the 6th of October. Our esteemed principal, Dr. Sujata Chavan, inaugurated this intellectually charged event, marking the beginning of a new chapter in our research endeavours.

Recently, on the *14th of October 2022*, the district level Avishkar competition was organized by *Rajarshi Shahu Mahavidyalaya, Latur*. Five dedicated teams proudly represented our college, demonstrating the depth of talent and commitment that our institution fosters in the realm of research. This was yet another milestone in our ongoing journey to embrace the power of research and innovation in our academic pursuits.

The winning team's journey of achievement didn't stop at the University level; they were propelled to the grand stage of the State level research competition. This prestigious event was hosted at the renowned Savitribai Phule University in Pune, spanning four exhilarating days from the 12th to the 15th of January 2022. This was a remarkable opportunity to compete at a statewide level and test their mettle against the brightest minds in academia.

In this challenging competition, our institution was represented by none other than the formidable Dilip Chavan Shivanjali. They stood tall and showcased their dedication, expertise, and intellectual prowess on the State level platform within the Commerce, Management, and Law discipline at the UG level. Their participation at this level served as a testament to the exceptional calibre of our students and their unwavering commitment to academic excellence.

In yet another recognition of the excellence our institution fosters, our esteemed principal, Dr. Sujata Chavan, was honoured by Savitribai Phule University, Pune. She was acknowledged as a Research Guide, a testament to her profound knowledge and commitment to nurturing the research acumen of students. Dr. Chavan's exceptional guidance and mentorship had guided and inspired one research project in the Commerce, Management, and Law discipline. Her efforts in shaping the next generation of researchers are indeed commendable and were fittingly acknowledged with a well-deserved certificate. Under her tutelage, the pursuit of knowledge has reached new heights.
