Our esteemed faculty member, Dr. Sachin Prayag, has garnered recognition and trust from SWAYAM, specifically from IIT Bombay and IIT Kharagpur, for his invaluable contribution to education. In a commendable feat, Dr. Prayag was selected to embark on the task of translating 10 lectures of the Financial Accounting course (110101131) offered by IIT Bombay into the Marathi language. This transformative endeavour unfolded during the academic year 2020-21, making quality education more accessible to Marathi-speaking learners.

Building upon his expertise and dedication, Assistant Professor Dr. Sachin Prayag once again received the honour of being chosen by SWAYAM, this time by IIT Kharagpur. He undertook the monumental task of translating a total of 19 lectures from the course titled "Service Marketing: A Practical Approach" (110105078) into Marathi. This endeavour unfolded during the academic year 2021-22, furthering the cause of making knowledge available to a wider audience in their native language. Dr. Prayag's tireless commitment to promoting accessible education is a shining example of our institution's dedication to the betterment of the learning experience for all.
