

Best Practice-2- “Blood Donation Camp” -2023-24

in the Memory of Late Shri Govindlalji Joshi

Organized by the National Service Scheme

Academic Year (2023-24)

“Blood Donation Camp”

Name of the Activity	Department	Organizer	Date	Time	Venue	No. of the Blood Units Donated
Blood Donation Camp	NSS	Dr.Sachin M.Prayag, Dr. Nayan Bhadule, Asst. Prof. Nilesh Kshirsagar	12/01/2024	3.30 pm	G.K.Joshi (Night) Commerce College, Latur	19

Brief Information about the Activity

TOPIC/SUBJECT OF THE ACTIVITY	BLOOD DONATION CAMP
Objectives	<ol style="list-style-type: none">1. To create a sense of social commitment towards society.2. To create awareness and reduce misconceptions about blood donation.3. Motivate students to donate blood regularly.4. To aware of the scientific information about the blood group.
Context	<p>An average sized healthy human has about 5 liters of blood in the body. The external blood supply is urgently needed in major medical surgeries as well as accidents and other trauma conditions. ‘There is no alternative to the natural blood’ is the universal truth that we experience every day. Always, there is a deficit between blood collection and demand, irrespective of geography, prosperity, and population size. There are many challenges in increasing the blood donors:</p> <ul style="list-style-type: none">• Lack of awareness about the need of blood donation and its importance.• Myths and wrong perceptions about the blood donations.• Fear about the post blood donation effects.• Matching the blood properties’ becomes an issue with rare blood groups.

<p>Practice</p>	<p>Blood donation has been considered as the most auspicious of donations, which not only inculcates the values towards caring others but also provides substantial support to humankind otherwise not possible with any wealthy contributions. Keeping in mind the central idea of inculcating service to the nation, "Blood donation" activity was initiated in the year 2013-14. The activity was gracefully conducted with voluntary participation of student-teacher community. The accrued benefits of the activity include:</p> <ul style="list-style-type: none"> • It becomes an effective input source of blood for Bhalchandra blood banks • Students get more awareness and understand the significance of 'blood donation. • Student phase is the correct age to practice blood donation. It is more difficult to force/motivate elder ones into the act. The elder ones have many reasons to avoid blood donation. • Donors will be informed that by each donation their blood cells will be rejuvenated and hence youthfulness in the blood will be present on every occasion.
<p>Evidence of Success:</p>	<ul style="list-style-type: none"> • The camp can create a sense of unity and shared purpose among students and faculty. • The donors showed positive effects like a sense of satisfaction after the donation. • It was an effort to motivate students to come forward and donate for this noble cause.
<p>Problems Encountered</p>	<ul style="list-style-type: none"> • Students hailed from the villages and poor backgrounds are found to be ignorant of their health status. Some students are underweight and anaemic • Students are much phobic to needles and blood testing. • Even after persuasion number of students were less may be due to the misconceptions about blood donation
<p>Solutions Provided</p>	<ul style="list-style-type: none"> • The weak students are identified and advised to take the medicines for their illness. • database of the blood donors is maintained • Any recipient can approach the college to get the donors number • Thus the college connects to the society!

Report on “Blood Donation Camp in the Memory of (Late Shri. Govindlalji Joshi)

Organized by N.S.S. Unit

[Academic Year 2023 – 2024]

The college is unwaveringly committed to instilling a sense of social responsibility in its community through diverse avenues. As a manifestation of this commitment, the organization of a Blood Donation Camp stands out as a pivotal initiative to contribute meaningfully to society. On the auspicious day of 12th January 2024, the National Service Scheme orchestrated a significant blood donation drive, dedicating the event to the cherished memory of Late Shri. Govindlalji Joshi. In a concerted effort to rally support, a compelling appeal for blood donation resonated across the college campus, reaching out to students, alumni, and dedicated staff. This appeal took the form of an informative brochure, disseminating crucial details about the event and emphasizing the collective impact that such a gesture could have on the community. The college, through its active involvement in social causes, continues to foster a culture of empathy and service, with the Blood Donation Camp serving as a poignant example of translating ideals into impactful actions.

The Blood Donation program commenced with the auspicious inauguration by Dr. Santram Mundhe, an esteemed Member of the Management Council at SRTM University Nanded and Vice President of the National Education Federation. Adding to the grace of the event, the Honourable Secretary of Shri. Harihar Partisan’s Shree Dhanrajji Joshi presided over the program as its President. In a symbolic and inspiring gesture, both the Chief Guest and the President led by example by actively participating in the blood donation process, thereby officially initiating the program. This noble act not only set the tone for the event but also underscored the commitment of distinguished individuals towards the cause of enhancing community health and well-being.

A proficient team of seven members hailing from Bhalchandra Blood Bank, Latur, skilfully oversaw the entirety of the blood donation activity, demonstrating their expertise and dedication. Guiding the team with exemplary leadership, Dr. Mangesh Kulkarni played a pivotal role in ensuring the smooth execution of the blood donation initiative. Under their watchful eyes and meticulous supervision, the event unfolded seamlessly, upholding the highest standards of safety, efficiency, and professionalism. The collaboration between the expert team and Dr. Mangesh Kulkarni underscored a shared commitment to the cause of facilitating a successful and impactful blood donation drive.
